

Technical Bulletin

DESCRIPTION / FEATURES:

FLOOR MEDICS RUST OFF (liquid) is a unique, innovative remover specifically formulated to remove embedded rust marks and stains from acid-sensitive materials such as marble, limestone, and travertine. It is designed to penetrate deep down and dissolve the rust.

Removes rust without affecting polished surfaces.

■ USES:

- Recommended for all Natural Stones (like Marble, Granite, Slate, and Limestone)
- Tiles, Concrete & Masonry surfaces.

■ AVAILABLE SIZES:

- RUST OFF (liquid) is available in 250ml / spray bottle

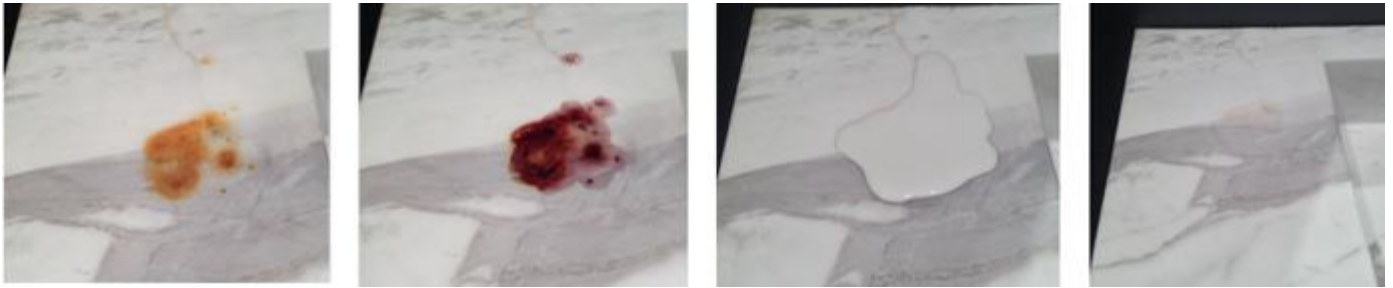

■ METHOD OF APPLICATION:

- **Read entire label before using.**
- **TEST A SMALL AREA**, according to application instruction to determine desired results.
- Use only on dry surfaces. Surfaces must be clean and grease-free.
- Apply RUST OFF on the rust stains, making sure the spots and stains are entirely covered.
- Discolouration will occur. Iron rust, for example, will turn purple colour. Let the product settle for approximately 5-10 minutes.
- Remove and rinse with water thoroughly.
- To avoid discoloration, always ensure to thoroughly rinse the treated surface with plenty of water before it dry.
- After settling, wipe the treated area with a clean cloth.
- Repeat the procedure till rust spots are totally removed.

If Purple coloration occurs in stone, Use Floor Medics Booster & Additives to remove.

Process:

■ **LIMITATIONS:**

- Do not allow product to come in contact with any non-recommended surface.
- Do not mix this product with other solutions, particularly acids, oxidizers, or different brands.

■ **HANDLING AND STORAGE:**

- Close container after each use
- Store in original container only
- Store and use in temperatures between 40° F and 100° F
(4° C and 38° C)

▲ **IMPORTANT:**
