

Technical Bulletin

DESCRIPTION / FEATURES:

FLOOR MEDICS CLEAN AND SEAL:

is a concentrate cleaner and an impregnator for stone surfaces. Non-acidic, non-abrasive formula won't damage stone, grout or tile. For manual, or mechanical cleaning and maintenance of all water resistant floors. Forms an extremely thin layer (monomolecular) of highly water and dirt repellent. Contains sealer to reseal as it cleans. Makes cleaning easier and prolongs life of the surface.

- For use over any penetrating sealer.
- Formulated for everyday use

■ USES:

- Perfect for protection, cleaning and daily maintenance of all kinds of stone marble, limestone, slate, granite, concrete and terrazzo.

■ AVAILABLE SIZES:

- Available in 1 Litre / Bottle

■ COVERAGE:

- Depending on condition of floors treated

■ METHOD OF APPLICATION:

- Read entire label before using.
- TEST A SMALL AREA, according to application instruction to determine desired results. The surface might have a slightly darker look after treatment. Always do a test area to verify the effectiveness and results before an entire surface is treated for the first time.
- Shake well.

Basic Impregnation: 1-2 litres to 10 litres of water.

Manual Cleaning: 0.5-1.0 dl to 10 litres of water.

Damp Mopping: 0.5-1.0 dl to 10 litres of water.

Auto Scrubber: 0.5-1.0 dl to 10 litres of water.

Diamond Polishing / Grinding: 0.5 dl to 10 litres of water.
